- Experienced in most Adobe programs, as well as Blender, Sony Vegas, UE4

## Work Experience

### OM VAPORS | JANUARY 2018 – CURRENT

- Working at Om Vapors, I take on many positions and am constantly faced with unique challenges. I typically work in the clean room where we (myself with 2-3 other people) mix, bottle, label, and keep inventory of all the juice being produced by Om. Working with this fairly small and new business has taught me how to make the most of my time for the better of the company, as well as teaching me new skills, such as how to build a clean room, a doorway, how to handle hazardous material, and how to use a variety of new computer programs and hardware and has given me insight as to how a business runs.

### INDEPENDENT CONTRACTING | APRIL 2017 – CURRENT

- As an independent contractor, I work directly with clients and negotiate what services I can provide for the client and the client and I work out a contract that binds us to fulfilling our end of the deal. Doing this, I have made a website for Everything Rocks company at EverythingRocks.co, and I currently work as a director/videographer/editor for a DIY "how-to" style web series for Everything Rocks that I maintain on YouTube. This is negotiated on a job-to-job basis. In addition, I continue to maintain/update the website as needed.

### DELIVERY DRIVER | PAPA JOHN'S | FEBRUARY 2016 – MARCH 2018

- As a delivery driver, I am often times the face of the company, meaning that I have to be presentable and professional while interacting with a wide variety of customers. I was am responsible with taking orders over the phone, boxing food out of the oven, organizing and staking orders and inventory, and maintaining a clean and sanitary work station. Time management is a big part of the job, as I am always on a schedule, and I am required to maintain a professional attitude when dealing with a range of difficult situations.

## Other Experience/Activities

- Church band member since 2010.
- Black belt in Tae-Kwon-Do.
- Taught a class at Royal Springs middle school for a semester.
- 2<sup>nd</sup> in state award for a TSA competition in animatronics, qualified for nationals.

- Missions trip to Haiti where I helped teach English to 4<sup>th</sup> graders.
